

# Wilderness Skills Intensive 2011

*Hands-on learning and individual guidance!*

- \* Shelter Construction
- \* Nature Awareness
- \* Stone Tool Crafting
- \* Fire by Friction
- \* Water Collection
- \* Natural Cordage
- \* Wild Edibles
- \* Tracking

Instructors **Dwayne Logan** and **Laura Reeves** will guide you through a number of key survival skills that everyone can use. Learn how these skills can be easily incorporated into everyday life and reaffirm your connection to the Earth. Dwayne and Laura have taken classes from Tom Brown's Tracking, Nature and Wilderness Survival School in New Jersey and practice these skills in their daily lives.

*Making a debris shelter.*

*Registration is limited – so please indicate your interest early.*
